

# PARAMEDIC PREPARATION

The Paramedic Preparation Class is an intensive 64– hour program that covers an extensive amount of material that prepares the EMT for a paramedic training program. The pace and method of instruction of each lecture includes interactive lecture presentations, case studies, EKG skills labs, and examinations.

You will gain an understanding of:

- ✓ **Patient Assessment**
- ✓ **Anatomy**
- ✓ **Physiology**
- ✓ **Pathophysiology**
- ✓ **Electrocardiography**
- ✓ **Prehospital Pharmacology**
- ... *and much more!*

If you have been out of school for a while or you have struggled with a science course, then this is the course for you.

**Prerequisite:** Currently Certified at or above the EMT Level.

Successful course completion earns 56 hours of CEU's of Instructor lead credit for EMT-Ps & 48 Contact hours of Instructor lead credits for EMTs.

***There is a strict attendance policy.***
